IMPORTANT — FICTIONAL TRAINING SAMPLE

This document is a detailed illustrative example only. Silverline Industries Limited, its directors, figures, exchange identifiers, transactions and decisions are invented. This is not a real company disclosure, is not suitable for filing, and must be checked and adapted by the listed entity's Company Secretary, Legal and Finance teams before any actual use.

Prepared as a sample of the structure, depth and drafting conventions that may be used in a Board-meeting outcome announcement. The applicable legal provisions and deadlines should be independently verified against the rules in force on the actual filing date.

Subject: Outcome of the meeting of the Board of Directors held on Thursday, 22 October 2026

Dear Sir/Madam,

Pursuant to Regulation 30 and other applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI LODR”), as applicable, we wish to inform you that the Board of Directors of Silverline Industries Limited (“the Company”), at its meeting held on Thursday, 22 October 2026, considered and approved the matters set out below. The meeting commenced at 11:00 a.m. IST and concluded at 2:35 p.m. IST.

The decisions below are presented as a fictional, integrated example. References to regulations are indicative and should be confirmed for the actual facts and filing date.

2. Summary of Decisions

Item	Matter considered	Decision / status
1	Unaudited financial results for the quarter and half year ended 30 September 2026	Approved, subject to the applicable filing package and auditor’s limited review report.
2	Interim dividend for FY 2026–27	Declared an interim dividend of ■1.50 per equity share of face value ■10 each, subject to applicable law and eligibility on the record date.
3	Record date for interim dividend	Fixed Friday, 6 November 2026 as the record date for determining eligible shareholders.
4	Capital expenditure for manufacturing modernisation	Approved a phased capital expenditure envelope of up to ■48 crore, subject to delegated authority, procurement controls and stage-gate approvals.
5	Appointment of Chief Financial Officer	Approved appointment of Ms. Nisha Mehta as CFO with effect from 1 November 2026, subject to completion of applicable formalities.
6	Related-party transactions	Reviewed proposed transactions for the next period; approvals, where applicable, remain subject to the applicable law, policy and audit committee / shareholder requirements.
7	Risk, cyber security and compliance review	Noted management’s report and directed time-bound closure of specified remediation actions.
8	Authorisations	Authorised designated officers to make required stock-exchange filings and take consequential actions.

3. Detailed Outcome

3.1 Approval of unaudited financial results for the quarter and half year ended 30 September 2026

The Board considered and approved the Company’s unaudited standalone and consolidated financial results for the quarter and half year ended 30 September 2026, together with the relevant notes and prescribed supporting statements. The results were reviewed by the Audit Committee before being placed before the Board. The applicable limited review report(s) of the statutory auditor(s) are intended to accompany the results filing.

Illustrative key financial highlights (■ crore; not actual financial information):

Particulars	Q2 FY27	Q2 FY26	H1 FY27	H1 FY26
Revenue from operations	1,245.6	1,108.2	2,430.8	2,165.4
Other income	18.4	15.1	35.2	29.8
Total income	1,264.0	1,123.3	2,466.0	2,195.2
Profit before tax	104.8	91.6	196.2	171.3
Profit after tax	76.9	67.4	143.1	125.8
Earnings per share (■)	7.69	6.74	14.31	12.58

The figures above are deliberately illustrative and are not a substitute for the prescribed financial-results format. The Company would attach the final, approved financial results and the relevant auditor's report(s) as separate annexures. Any deviations, qualifications, emphasis-of-matter paragraphs, modified opinions or other disclosures would need to be reproduced accurately from the signed auditor report and final approved results.

3.2 Interim dividend

The Board declared an interim dividend of ■1.50 (Rupees One and Fifty Paise only) per equity share of face value ■10 each for the financial year 2026–27. The dividend will be paid to shareholders whose names appear in the Register of Members / records of the depositories as eligible on the record date, subject to applicable law, tax deduction requirements and completion of the Company's payment processes.

Record date: Friday, 6 November 2026 (illustrative). The Company will separately communicate any other required dates or payment information in accordance with applicable requirements.

The total dividend outflow will depend on the number of eligible shares outstanding on the record date. The Company will make the relevant disclosures and arrangements for payment within the period prescribed under applicable law. This sample does not state an actual payable amount.

3.3 Capital expenditure for manufacturing modernisation

The Board approved a phased capital expenditure envelope of up to ■48 crore for a manufacturing modernisation programme across selected facilities. The programme is intended to improve process reliability, energy efficiency, quality traceability, worker safety and operational visibility. The approval is an expenditure ceiling and does not represent a commitment that the entire amount will be spent immediately.

Indicative workstreams:

- **Equipment and controls:** replacement or upgrade of selected production equipment, programmable controls and instrumentation.
- **Energy and utilities:** metering, compressed-air optimisation, energy monitoring and targeted efficiency improvements.
- **Quality and traceability:** digital capture of critical quality checks and improved batch-level traceability.
- **Safety and maintenance:** condition monitoring, preventive-maintenance capability and selected safety interlocks.
- **Data and cyber controls:** controlled connectivity, access management, audit logs and resilience requirements for operational technology.

The Chief Operating Officer and Chief Financial Officer will jointly oversee implementation. Individual projects must pass technical, financial, procurement, safety and cybersecurity reviews under the Company's approved delegation of authority. Management will report progress, committed spend, realised benefits and material deviations to the Board / relevant committee at the agreed review cadence.

3.4 Appointment of Chief Financial Officer

The Board approved the appointment of Ms. Nisha Mehta as Chief Financial Officer ("CFO") of the Company with effect from 1 November 2026, subject to completion of applicable formalities. The appointment details and any disclosures required under SEBI LODR and the Companies Act, 2013 will be provided in the prescribed format, as applicable.

Disclosure field	Illustrative detail
Name	Ms. Nisha Mehta
Designation	Chief Financial Officer / Key Managerial Personnel
Effective date	1 November 2026
Brief profile	Chartered Accountant with over 18 years' experience in financial reporting, treasury, controllership, capital planning and governance across industrial businesses.
Relationship with directors	As represented to the Company, no relationship with any Director is being disclosed for this illustrative sample; verify and state actual facts.
Reason for change	Appointment following the planned transition of the incumbent CFO; actual circumstances and outgoing officer's details should be disclosed where required.

The profile above is fictional. Actual disclosures should include all information required by the applicable exchange format and the facts of the appointment, including relevant experience, relationships and reasons for change where prescribed.

3.5 Related-party transactions and governance

The Board noted the status of the Company's related-party transaction framework and the proposed transactions presented by management. Any transaction requiring Audit Committee approval, Board approval or shareholder approval must be processed under the Company's policy and applicable provisions of the Companies Act, 2013 and SEBI LODR. No blanket approval should be inferred from this summary beyond the specific approvals recorded in the final minutes and relevant resolutions.

For any material related-party transaction disclosure, the Company should state the related party, relationship, nature and value of the transaction, commercial rationale, terms and conditions, approval status and any other information prescribed by the applicable rules and exchange formats. The actual facts and applicable materiality thresholds must be checked before filing.

3.6 Risk management, cyber security and compliance

The Board reviewed management's report on enterprise risk, information security, operational resilience, regulatory compliance and remediation status. The Board noted the following illustrative focus areas and directed management to report closure evidence to the relevant committee:

Risk / control area	Board direction	Illustrative owner	Target date
Cybersecurity remediation	Prioritise closure of high-risk vulnerabilities; retain evidence of testing and closure; escalate overdue critical items.	Chief Information Security Officer	30 Nov 2026
Operational technology security	Complete asset inventory and review remote-access permissions at selected plants.	Chief Operating Officer / CISO	31 Dec 2026
Regulatory compliance calendar	Reconcile applicable filings, owners, evidence and due dates; escalate exceptions promptly.	Company Secretary / Compliance Officer	15 Nov 2026
Business continuity	Validate recovery arrangements for critical applications and manufacturing systems.	Chief Technology Officer / COO	31 Dec 2026
Capex benefit tracking	Define baseline metrics and verify savings / quality improvements after commissioning.	CFO / COO	Quarterly

The above directions are fictional and should not be represented as findings of an actual risk review. The final outcome should disclose a matter publicly only to the extent required by law and supported by approved, accurate information; sensitive security details should not be unnecessarily exposed.

3.7 Other matters considered

The Board also considered routine business and governance matters included in the meeting agenda. Any matter that triggers a specific disclosure obligation should be disclosed separately and with the level of detail required by the applicable provision. Matters that do not require public disclosure should be recorded in the minutes and internal action register, rather than automatically included in a public announcement.

4. Regulatory and Filing Notes

This illustrative outcome has been drafted with reference to the general framework of SEBI LODR, including Regulation 30 (disclosures of material events or information), Regulation 33 (financial results) and relevant provisions of the Companies Act, 2013. Applicability, precise wording, formats and timelines depend on the facts, current law, stock-exchange requirements and any circulars in force on the actual date.

The Company Secretary should confirm, at minimum:

- The correct provision(s), disclosure category and timeline for each Board decision.
- Whether the financial results, auditor reports and prescribed annexures are complete and consistent.
- Whether dividend, record-date and payment disclosures are complete and coordinated with the registrar and transfer agent / depositories.
- Whether the CFO appointment or any other management change requires additional prescribed disclosures or ROC filings.
- Whether any material event, related-party transaction or other approval triggers a separate filing, shareholder notice or additional publication.
- That the information submitted to both exchanges is identical, authorised and retained with proof of submission.

5. Authorisation and Contact Details

The Board authorised the Company Secretary and/or other designated officers of the Company to sign, certify, submit and disseminate the required outcome and related disclosures to BSE Limited and the National Stock Exchange of India Limited, and to undertake such consequential actions as may be necessary to give effect to the decisions recorded by the Board, within the scope of the authority granted.

6. Illustrative Annexure Register

The exchange filing package may contain the following separate files, depending on the matters approved and the requirements applicable to the Company. This register is an operational checklist, not a statement that every item is required for every meeting.

Ref.	Illustrative file / annexure	Applicability	Status in sample
A	Outcome of Board Meeting	For the prescribed disclosure	Main document
B	Unaudited standalone financial results for Q2 / H1 FY27	If results approved	Illustrative summary only; final prescribed statement would be attached
C	Unaudited consolidated financial results for Q2 / H1 FY27	If applicable and approved	Illustrative summary only; final prescribed statement would be attached
D	Limited review report(s) of statutory auditor(s)	Where required for the results	Not reproduced in this sample
E	Dividend and record-date disclosure details	If dividend / record date is announced	Summarised in main document
F	CFO appointment details in prescribed format	If required for the appointment	Summarised in main document; verify applicable format
G	Other material-event disclosure(s)	Only where triggered by the facts	Assess separately
H	Website publication and disclosure archive entry	Where required under applicable rules	To be completed by the Company

7. Post-Filing Control Checklist

Control	Completion evidence	Owner (illustrative)
Final approval	Approved disclosure text and supporting documents reconciled to signed Board decisions.	Company Secretary / Legal
Consistency check	Amounts, dates, names, periods and descriptions match across the outcome, results and annexures.	Finance / Company Secretary
Exchange submission	Submission acknowledgements / timestamps retained for both exchanges.	Compliance team
Website publication	Published copy and publication timestamp retained where required.	Investor Relations / IT
Internal archive	Final filed versions, supporting approvals, auditor reports and evidence stored in controlled repository.	Company Secretary
Follow-up actions	Owners and due dates recorded in action tracker; overdue items escalated.	Board Secretariat

End of illustrative outcome document.

Appendix: Drafting and Use Notes

A. What this sample is — and is not

This sample demonstrates how a detailed Board outcome may be structured for a fictional listed entity. It is not a legal opinion, does not verify any real transaction, and should not be copied into a live stock-exchange filing without professional review. In actual practice, the outcome is usually concise and focused on decisions requiring disclosure; the full minutes, detailed Board papers and internal action tracker are separate records.

B. Important distinction between public disclosure and internal records

The stock-exchange outcome should not be treated as a substitute for the statutory minutes of the Board meeting. Minutes should capture the proceedings and decisions in accordance with the Companies Act, applicable rules and Secretarial Standards. Supporting Board papers, signed resolutions, attendance records, declarations, auditor reports and internal action logs should be maintained according to the entity's governance and record-retention requirements.

C. Before actual filing

- Confirm the company's legal name, CIN, registered office, security codes, exchange recipients and authorised signatory.
- Confirm the exact meeting date, start/end time and the decisions actually approved.
- Use the latest applicable exchange disclosure formats and regulatory provisions.
- Obtain Finance confirmation of financial figures and auditor confirmation of report status.
- Obtain Legal / Company Secretary review of materiality, related-party matters, appointments, dividend, record dates and other applicable disclosures.
- Remove all fictional figures, placeholders and any item not approved by the Board.
- Submit within the applicable deadline and preserve acknowledgement evidence.
